

Voices for the Heart

PFIZER IS PROUD TO SPONSOR A Community Event to Raise Awareness of a Rare Heart Condition Called ATTR-CM*

*ATTR-CM=transthyretin amyloid cardiomyopathy.

Voices for the Heart is a program dedicated to raising awareness of a rare heart condition called hereditary ATTR-CM (hATTR-CM). hATTR-CM is a serious and often underdiagnosed cause of heart failure in Black, African American, and Afro-Caribbean communities.

As part of the program, Pfizer is teaming up with groups in the community to:

- Explain the warning signs of ATTR-CM
- Help you or your loved ones who might have this heart condition talk about it with their doctor

Learn more about a community-based event coming to your area on the next page.
